

STATEMENT OF CANDIDATE FOR CENTRAL UNION HIGH SCHOOL

STEVEN M. WALKER

Occupation: Lawyer

Education and Qualifications: These are challenging times for us teachers, parents, school administrators as we search for the best ways to safely educate our students. These are times when experience matters the most and my 16 years as a CUHSD trustee is why you should vote for me. My family has a long history with El Centro public schools. My mom graduated from Central. I graduated from Central. My sons graduated from Central. All of us have the same vested interest in making sure we remain focused on college and career readiness, maximizing equitable learning opportunities for all students, and offering meaningful and memorable extracurricular activities when it is safe to do so. I am committed to transparent and effective governance by including all stakeholders and the practice of listening more and talking less. I am an advocate for delivering on the promise of excellence in public education achieved through the attraction and retention of highly qualified and committed staff. The coming years will be difficult for our District. We must ensure that the education of our students remains a priority. I am accessible, approachable, and an advocate for our students. Please vote for Steven Walker on November 3. Thank you.
