

**STATEMENT OF CANDIDATE FOR  
COUNCIL MEMBER, CITY OF CALEXICO**

**JAVIER MORENO**

**Occupation:** Retired Special Agent

**Education and Qualifications:** I have never held elected office and have spent my career outside politics, focused instead on criminal justice and management leadership. I am the only candidate for city council who has spent a lifetime protecting peoples' lives and upholding citizens' rights, especially the lives of the most vulnerable among us. I am running for city council to make sure your vote counts for Calexico. The voices of the people are outraged with dishonest, inept government's abuse of power; and with people that support it. We deserve better. We need a council member who will bring tough-minded discipline, upholds, and promotes principles of fiscal transparency, openness, and honesty. We need a government that fights for social justice, equality, and an economy that allows everyone to thrive. I pledge to protect and restores city's control and make our government transparent and accountable. My experience in health care, criminal justice, and management leadership, coupled with my vision for our city, prepare me to serve as your council member. Javier Moreno will be a council member who will fight for all Calexico. I ask you to vote for me.
