

**STATEMENT OF CANDIDATE FOR  
COUNCIL MEMBER CITY OF IMPERIAL**

**SUSAN PARADIS**

**Age: 55**

**Occupation:** CEO / Business Advocate

**Education and Qualifications:** Thank you for the opportunity to represent you on the Imperial City Council. I am running for Imperial City Council because it's time for new leadership. I care greatly about the city's quality of life and its future. My candidacy offers a fresh face and a new perspective on the financial and development issues facing our community. I will work to implement an efficient and transparent local government, I will advocate to establish an affordable platform for new development, and provide accountability to the community. As a resident of Imperial, I am eager to take on the issues that affect us all; water rates, increased taxes and lack of community resources. As your City Councilmember, I will address these important issues head on and keep you informed. As the CEO of the Imperial Chamber of Commerce, I know firsthand the struggles our developers and businesses face especially during these unprecedented times. I will continue to diligently advocate on their behalf at the local, state and federal levels. I am ready for this new challenge and with your help on November 3, 2020 we can work toward a better Imperial.
